# Strategic Plan

## MISSION

To protect the public's right to quality nursing services by providing leadership to the nursing profession in self-regulation.

## VISION

Excellence in nursing practice everywhere in Ontario.

## OBJECTIVES

### Building confidence in nursing self-regulation:

nurse engagement • employer commitment • public confidence

### Advancing the use of CNO knowledge:

user relevance • stakeholder trust • decision support

## DIRECTIONS

### *In the public interest:*

Enhance nurses' capacity to integrate standards into practice, throughout their careers.

Strengthen CNO's role with practice settings, across sectors and dimensions of practice.

Create and disseminate knowledge gained from analysis of information available to CNO.

Foster strategic partnerships that enhance CNO's influence in the development of policy.

## STRATEGIES

Bridge nurses' practice realities with CNO resources.

Actualize a shared vision between CNO and practice sectors, which supports employers and nurses in providing quality care in quality practice settings.

Provide the knowledge required by internal and external stakeholders to facilitate decision support.

Position CNO as a key player with the Ministry of Health and Long-Term Care and the Ministry of Training, Colleges and Universities in the formulation of public and regulatory policy.
