Step 7:

From the course homepage, select **START LEARNING NOW** to begin.

QA Assessment RN-EC

E-learning ENGLISH

Course Description

These modules will explore the roles and responsibility of nursing in Ontario and the legislation that governs the practice and profession. Beginning with the *Nursing Act* and *Regulated Health Professions Act*, we will review the scope of practice, the standard of care, professionalism in the workplace, the nurse-client relationship and the importance of providing culturally safe care. We will also provide an overview of the Code of Conduct standard and the nurse's accountability to it.

At the end of each module, you will be required to complete a short checklist to demonstrate your understanding of the course material. The completion of this attestation, alongside the annual self-assessment and Learning Plan will satisfy the QA Assessment requirement.

Player Controls

The Player has **three main areas**:

1. **Video area with pause/play button**

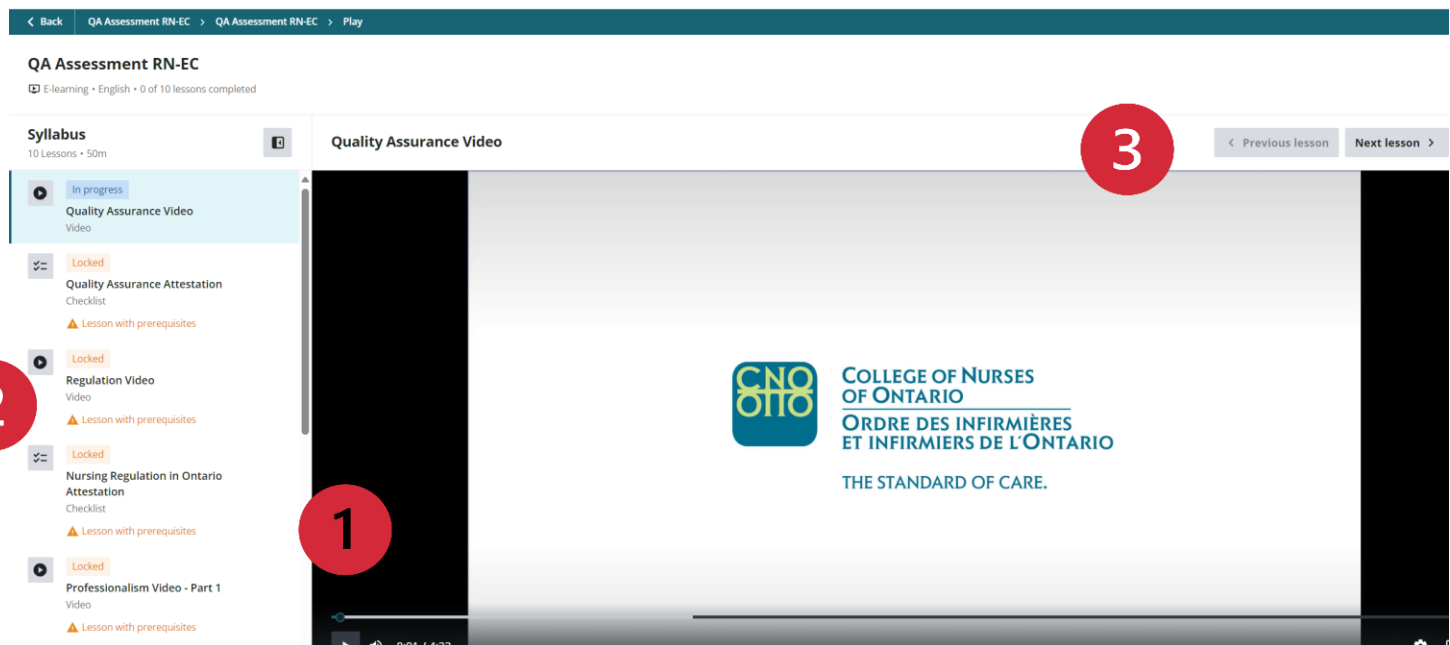

Once you have entered the assessment page, the video will play automatically. You can pause/play the video, but you cannot move ahead by dragging the bar forward. You must watch the video in its entirety. This action is the same for each video.

2. **Syllabus area**

The Syllabus area holds the videos, module, attestations and instruction page. Each of the items inside the syllabus area are locked and must be taken in the order that they appear. Once you have viewed a video or completed an attestation, that item will become unlocked and remain open for you to view.

3. **Previous lesson / Next lesson buttons**

You will be able to move through the assessment by using the **PREVIOUS LESSON / NEXT LESSON** buttons or you can select each item within the syllabus area. You can also expand the screen to full screen view using the arrow.
